

JUNE 2010

the

Advent Journey

ALL ABOUT OUR HOUSE

Well summer is here and OUR HOUSE has been doing fairly well although it is time to think about a little bit of seasonal cleaning around the place.

I hope to ask for some volunteers to give a few hours here and there to do things like wash down walls, wash windows and very uninteresting chores such as that. It is really a challenge to find the time between the heavy occupancy of the building and the busy lives that everyone leads. So if you see my name on your call displays PLEASE don't ignore me, thanks, in advance.

During the months of July and August the Advent congregation will be worshipping in the Cedar Hall. The congregation of St. Dumitru is fortunate to sustain their large numbers and as we are all well aware our numbers diminish so under the auspices of being good neighbors your Council thought it would be a nice gesture to trade worship spaces with them.

Sometime during June we will be sealing the stones on the new driveway. Hopefully this will not impact the everyday workings of the church but the main entrance will have to be roped off. The plan is to do this early on a Monday morning and then by Tues afternoon, which is when the next activity occurs, the sealing compound will have dried. If by chance this plan does not go exactly as I would like it to please use the side entrances if you arrive at church and see the caution tapes in place. We want to avoid having any of the sealant tracked into the church.

Within the very near future our crying room will be repainted. Thanks to Heinz Weltner, Claus Brandes and the ELM Group for this much needed project.

Looks that is a wrap. Thanks for reading,

Fran

Our Advent gardeners have begun doing their magic in the gardens that are maintained by our congregation. We meet for about an hour or so on Thurs evening at about 6-7 pm and work as a team. It is a fun way to do a not so fun weeding job. Come out and join us.

Last Words

A single sunbeam is enough to drive away many shadows.

I wonder what it would be like to live in a world where it was always June.
